

THE Aliaxin®

**PRODUCT LINE FORMULATIONS
PROVIDE TREATMENT SOLUTIONS
FOR SPECIFIC FACIAL INDICATIONS**

VOLUME AND CONTOUR

Aliaxin® SR

SHAPE & RESTORE

Thanks to a dual action of reshaping and hydration processes, harmonious and uniform facial balance is restored. Indicated for broad areas, as well as facial contour definition.

Aliaxin® FL

FINE LINES & LIPS

Specific product for lip refresh and fine lines treatments. Optimal HA features for a lip gloss effect and for a natural redefinition.

Aliaxin® GP

GLOBAL PERFORMANCE

Indicated for the treatment of the most common facial imperfections, offering a corrective action for wrinkles and more pronounced folds (eg. Nasolabial folds).

Aliaxin® LV

LIPS VOLUME

Thanks to an optimal viscosity, it's indicated for restoring turgor and obtaining harmonious volumization.

Aliaxin® EV

ESSENTIAL VOLUME

Indicated for subcutaneous implants to restore partial volume deficits, to correct asymmetries and nose imperfections and to obtain a more defined jawline.

Aliaxin® SV

SUPERIOR VOLUME

Indicated for the correction of important volume deficits and to redefine contours.
